Brief Summary of Selected Substantive Portions of this Response

[0001] In a telephone discussion (on August 21, 2007), the Examiner indicated that our proposed amendments overcame the § 101 rejections and that they appeared to move the matter toward allowability. While no agreement was reached, the discussion provided for a more clear understanding of distinctions between the cited art and the claims.

[0002] This brief summary is not intended to represent the Applicant's full response to the Action. Rather, it is merely a brief summary of selected substantive portions of the response herein.
